1500mm	750mm	150mm	ULTIMA	K2 (Fr) / 'A'	1002150

Please note*

It is possible to supply many other sizes with the MODULA system. Due to the product makeup any combination of the sidewall pieces can be built into ring sections. These are 100mm, 150mm, 300mm & 375mm. Add any of these lengths, or combination therein to the 300mm corner dimensions.

Example: 300mm (corners) + 100mm + 100mm + 375mm = 875mm side wall (clear opening)
