

RAILDUCT ORGANISER CLIP

Application notes: The RAILDUCT ORGANISER CLIP is designed for use on the Network Rail Telecommunications duct network where it organises the fibre and copper cable ducts. Initially for the 2-way fibre ducts, location ribs on the top allow for fixing of a 50mm or 63mm O/D copper cable duct.

1.0 PART NUMBER	ROC100098
2.0 STANDARD DESCRIPTION	Duct network organiser clip for 2 x 32mm O/D Ducts with Locator rib for 1 x 50mm or 1 x 63mm O/D Duct
3.0 MATERIAL	Impact modified, UV Stabilised Polypropylene PPCP C2467, 20% talc filled
3.1 TEMPERATURE RANGE	-40cC to +100oC
4.0 STANDARD COLOUR	Black
5.0 UNIT WEIGHT	90 Grams
6.0 PACKING	Bags of 100
7.0 DIMENSIONS	Please refer to the product drawing below
8.0 INSTALLATION	Please refer to the Field Installation Guide
